NOW CHRONIC COUGHS

Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cods' livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you. Penny's Drug Store, Stanford, Ky.
